FRANKTOWN ELEMENTARY

eLearning in DCSD
New website: https://fe.dcsdk12.org/

Welcome back to the 20/21 School Year!
Curriculum
All eLearning students will be working with the Edgenuity Curriculum tool, however all content will be taught by DCSD teachers.

K-5 eLearning students will also be using Google Classroom alongside the Edgenuity Curriculum tool.
Edgenuity provides customizable online courses aligned to state standards that combine direct-instruction videos featuring expert, on-screen teachers with rigorous assignments, performance tasks, and assessments to engage students and ensure subject-area mastery.

Edgenuity, in partnership with Purpose Prep, offers rich and relevant K-12 social and emotional learning (SEL) curriculum.

Students will complete age-appropriate, engaging lessons delivered through an innovative digital learning platform that includes standards-aligned, research-based content, developing student agency over their learning.
Google Classroom is our **Home Base**!

**Examples of Home Base Activities:**

- Morning Meeting
- Parent Communication
- Link to supplemental resources
- Add additional assignments
- Google meets for small group instruction/intervention
- Class Discussion Streams

English Language Learners

Reeser, Natalie
ESL Teacher

natalie.reeser@dcsdk12.org  303-387-5300

DCSD classroom, content, English as a Second Language (ESL), and special service providers will continue to collaborate to meet the needs of English language learners and their families who are enrolled in the eLearning option. Educators will work with families to develop and implement an English Learner Plan outlining all aspects of English Language Development programming/services aligned to student need, academic and social language development, and specific language goals for the student.

Gifted Learners

Markel, Diana
Intervention Specialist-RTI & GT

dmarkel1@dcsdk12.org  303-387-5300

School and district staff will meet with the student, family, eLearning teacher, and other service providers (as necessary) to develop an Advanced Learning Plan. The Advanced Learning Plan will outline all aspects of gifted education programming/services and academic and affective goals for the student. School and district staff will support the eLearning teachers to ensure students receive curriculum and instruction to match student need.
Schools will continue to ensure that students with disabilities receive a free appropriate public education (FAPE) in in-person, hybrid and eLearning environments, consistent with the need to protect health and safety. Schools will continue to collaborate with families.

Accommodations and modifications will be afforded to students regardless of their learning environment.

Progress monitoring will be ongoing.

Teaching health and safety precautions will occur for students; tailored to student needs.

Services will still be provided to your student in the eLearning format for those students on IEPs.
