Message from the Principal

Dear Legacy Point Families,

Welcome back to school! I hope that each and every one of you had a joyful holiday season and relaxing Winter Break.

As you know we have quite a bit of building occurring around our school. Our projections show us growing in enrollment over the next few years, and traffic is definitely a new development for us. Amy Corr, the LPE SAC, and I have been working with the Town of Parker to determine the best response for traffic, with safety as our primary consideration. In light of this, the Town of Parker is making the following changes to begin in January upon our return from break.

1. There will be **No Parking** on the North side of Red Rosa Circle. The streets are narrow and they are trying to maintain traffic flow with the houses.

2. Our parking lot will become a **right** turn only lot. You must go right to exit our lot (again, maintaining traffic flow), and you may **ONLY** turn **IN** to our lot, to the right. This could mean a shift in driving patterns. Some may have to go down around our field to come up on the east side of the school and turn right on Red Rosa Circle. Please see the image on the next page.

We recognize this may cause an inconvenience at first, as we all adjust to the new flow. Amy and I will be outside helping to direct traffic as we develop these new patterns. We are very hopeful we will all respond with patience and understanding knowing this is best for our school, and most importantly, the safety of our students. As always, thank you for your support.

Fondly,

Kristin R. Drury, Principal

January 7 Habits/Home-School Connection: Wildly Important Goals

As we move into the new year, we are inundated with messages about setting “resolutions” in all aspects of our lives. Rather than focusing on “resolving” to do something, students at Legacy Point will be setting new WIGs, or “Wildly Important Goals.” These goals will be directly tied to data, and the students will not just set goals, but create plans or “lead measures” and a “scoreboard” to help them track these goals. For a sneak peek at what this process might look like in your student’s classroom, please see this video from Leader in Me Weekly.

What’s great about the WIG-setting process is that it can be easily replicated at home. Try replacing your New Year’s Resolution with a 2020 WIG and see the difference in how it feels!

Kindie Registration!

Legacy Point Kindergarten Registration is now open! If you have an incoming Kindie student, or know someone that does, please share the link to our Kindie Registration page which has tons of information. As always, you can stop by, or call the front office and Traci Heffron or Irma Krzak will be happy to assist you with any questions you have.

Confidence In Math
Confidence For Life™

Give them the Mathnasium advantage
Mathnasium teaches children of all skill levels to understand and master math. We boost grades, build confidence, and develop critical thinking for today and for their future. We’re the authority in math education, growing to over 1,000 centers worldwide.

As Seen Around LPE!

Holiday Cheer and Fun!
As Seen Around LPE!

3-D Printer Exhibition
We were fortunate to have Corey Papastathis, our School Technology and Innovation Partner (STIP), come out and show students how to design and create items using a 3-D Printer.
PTIB News

We have two additional ways you can help LPE.

The first method is that you can collect Box Tops, which is made even easier by allowing you to scan your shopping receipts into the app and any “box top eligible” items are automatically collected and the funds are donated to LPE. Easy peasy!

The second (super easy) way to help the school is to designate Legacy Point to receive your Community Rewards just by shopping at King Soopers.
