Note from the Principal, Mr. Mosby

Hello RRE families:

Wow, how crazy the difference a year can make. What a relief to not only have summer so close but to be able to enjoy the spring air with the gradual lifting of mask restrictions.

To say that this year has been a challenge for all of us is an understatement. However, I cannot say enough about how grateful I am to work with an amazing staff and a fantastic community. With all of your support, patience and understanding we have managed to navigate these historical times and finish in a positive light. On behalf of the entire staff, thank you.

Next, we had another reason to celebrate here at Rock Ridge. Our esteemed counselor, Ms. McKnight, was recognized by The Foundation for Douglas County Schools and presented a check personally by their board of directors as a grant reward to support her and her mission. THANK YOU for taking the time to personally come out to Rock Ridge and give a gift that will directly benefit our students and the community. We are grateful for all the great things your foundation does for Douglas County. (Board members are: Dave Welcome, VP of Cardiovascular and Neurosciences at Sky Ridge Medical Center, Lisa Hinton (standing next to Pam Gutierrez) Director of Outpatient Services, Castle Rock Adventist Hospital/Centura Health, and Timi Aguilar, Aguilar Public Relations.

One more person that I would like to recognize is Lydia Goodland. Lydia was our PTO president for the past four years (two years as the secretary prior) and brought miraculous changes to Rock Ridge. With her innovative ideas, to-the-point communications, ability to cut through red tape, and drive towards excellence, Lydia worked with her strong PTO leaders and made a huge impact. They brought thousands and thousands of dollars into the classroom through grants, recognized our staff repeatedly through the years with innovative methods, and were just fun to work with. Thank you, Lydia, for being an amazing person.

Continued on next page...
Note from the Principal, Mr. Mosby, continued...

Please also join me in welcoming Allison Uselton as our new PTO president! Allison served as the secretary for the PTO for the past two years and is ready to take the reins from Lydia and continue her legacy. Thank you Allison and I look forward to working with you.

In closing, our last day of school for students is Tuesday, May 25th. Teachers will be in the building on May 26th to close out reports and prepare classrooms for summer cleaning. The school will be closed to everyone starting Friday, May 28th for construction improvements, paid for by you and through the bond that was passed a few years ago. The front office, Ms. Roach and I will still be reachable via email, although sporadically as we all try to catch up on two summers worth of family time.

Check the school website for our calendar and important dates for the upcoming year. Be safe and have a great summer! Sincerely,

Peter Mosby
Principal, Rock Ridge Elementary
Mark Your Calendar, Important Dates to Remember

May

May 25th – Lat Day of School!
May 25th (9:15am) – 6th Grade Continuation
May 25th (3:00-4:30pm) – Kona Ice

Specials Spotlight

Gym:
Field days are May 17th, May 18th, & May 19th. Students will participate during their special times during each of the three days. Parents are welcome to attend, but must stay on the other side of the fence located on Heritage Ave...so bring a lawn chair and some popcorn! If there is inclement weather, we will have May (20th, 21st, 24th, or 25th) as field day make up days.

6th Grade 8:50-9:30
5th Grade 9:40-10:20
4th Grade 10:30-11:10
Kinder 12:10-12:50
1st Grade 1:00-1:40
2nd Grade 1:50-2:30
3rd Grade 2:40-3:20

Art:
This Friday the art show will be on the website for you to view. Go check out the artwork K-6th grade has been making in the art room this year!
Celebrating our Students!

6\textsuperscript{th} grade Exhibition

This year's 6th grade Exhibition looked a little different, but that didn't stop the 6th graders from choosing authentic global issues and thinking about actions that could be taken to help solve these problems. Parents were able to Zoom in to watch their child's presentations which worked out really well, and we appreciated all the parents that took time in their day to be a part of Exhibition. Well done, 6\textsuperscript{th} graders!!
**Tdap Letter for incoming 6th graders**

To: Parents/Guardians of students enrolled in Colorado schools  
From: Colorado Department of Public Health and Environment, Immunization Branch  
RE: Tdap vaccine required at 6th-grade entry  

January 9, 2021  

Dear Parent/Guardian,  

In Colorado, students entering 6th grade are required to get the tetanus-diphtheria-pertussis (Tdap) vaccine before they start school. See [www.colorado.gov/pacific/cdphe/schoolrequiredvaccines](http://www.colorado.gov/pacific/cdphe/schoolrequiredvaccines).  

Tetanus is a rare, non-contagious disease that can cause painful muscle tightening and stiffness; people can get tetanus through a cut or wound. Diphtheria is a rare, contagious disease that can cause breathing problems, heart failure, and other serious issues. Pertussis, or whooping cough, is a very contagious disease that can cause severe coughing spells, difficulty breathing, and other serious issues, especially in infants, toddlers, and other people who have weakened immune systems. Adolescents who get pertussis can be sick for up to three months.  

A Tdap dose administered at 10 years of age counts as the adolescent Tdap dose and meets Colorado’s 6th grade Tdap requirement: [https://www.cdc.gov/vaccines/hcp/acip-recs/vacc-specific/dtap.html](https://www.cdc.gov/vaccines/hcp/acip-recs/vacc-specific/dtap.html)  

If your student does not receive Tdap vaccine and does not meet Colorado’s 6th grade Tdap requirement, a Certificate of Medical Exemption or an annual Certificate of Nonmedical Exemption must be submitted to the school: [www.colorado.gov/vaccineexemption](http://www.colorado.gov/vaccineexemption). This will assure that your student is in compliance with the Colorado school immunization law and be allowed to attend school.  

For questions or more information, contact cdphe.dcdimmunization@state.co.us.
Important PTO Information

**Box Tops**

We will not be conducting the Box Tops competition between classes this year, but will continue collecting Box Tops. Please remember to scan all of your receipts!

For more information about Box Tops for Education as well as instructions for downloading the app, go to: [https://www.boxtops4education.com/](https://www.boxtops4education.com/).

---

**International Baccalaureate**

Each month we focus on an IB Learner Profile and *Thinker* is our focus for the month of **May**.

- These students exercise initiative in applying thinking skills critically and creatively to make sound decisions and to solve complex problems.
- Students who are thinkers work to solve problems. They can imagine many solutions to a question or challenge. Thinkers make good decisions and can predict the outcomes of their actions. They think creatively and critically

**How can parents help to develop students who are Thinkers at home?**

- Encourage your child to try to think of solutions to problems independently.
- Pose different real-life problems and questions to your child:
  - “I’m not sure how to arrange the glasses so they can all fit in the cupboard.”
  - “I wonder how much the groceries in the cart will cost… how can we make an estimate?”
  - “We need enough cookies for the 20 people in your class. What kind of changes should we make to our recipe?”
- Ask your children questions when they are working on a problem:
  - “Do you have any ideas about how we might begin?”
  - “How can we do this differently?”
  - “I had never thought of that. Tell me more about it.”
  - “What other ways can we show that?”
  - “Why do you think that?”
  - “How did you figure that out?”
