If you have earned an A-E on an AICE exam, you will want to send your scores to colleges to earn college credit.

Graduating seniors, as soon as you know which university or college you will be attending please complete the Cambridge grade transcript service form online to send AICE scores to colleges. The transcript service is free. Grade transcripts for past exams are sent within 14 days after they receive your request. You may pre-order transcripts before you take your exams; pre-ordered transcripts will be sent within 14 days of results release. Scores for exams you will take this year will be sent to your college in August once this year's scores are released.
