Information Night December, 3 2020

Join us at 6 PM on the link found here: IB INFORMATION

We will provide you with an overview of the program and have breakout rooms where you can hear from subject teachers, students and past graduates. Douglas County HS has been an IB Diploma Program since 1998 and our graduates continue to value the friendships, the academic preparation and the international perspective of the IB Diploma program.
Why an I.B. Education?

There is no better preparation for college success.

You are about to go to High School- time to choose a school, classes and programs. We are one of 4200 schools around the world that must meet rigorous international criteria.

You will learn time-management and study skills including learning to become a better writer and public speaker. You will likely have higher SAT scores. You can earn college credits for some of your courses (all Colorado state schools grant 24 hours of credit to students who earn an IB diploma). College scholarships can be much greater- colleges like IB graduates. In the spring of 2020, our IB graduates received $5 million in scholarships from various colleges.

Students speak about the IB Experience

We are a community. We learn together about how to understand the world around us. Justin 2019

I am the captain of the track team and, I feel 100% prepared for college. Lina 2018

You can only do high school once, and I wanted the fullest experience possible so I chose IB. Through IB, I have made the best friends. Jan 2018

It has been one of the biggest blessings of my life…it opened my eyes to the ways I see and the ways I acquire knowledge. The diversity of students impresses me; the caliber of students impresses me. My classmates are amazing. Berkley 2018

IB boosted me forward a year, with a double major. I cannot say enough about it. Gigi (2011) University of Denver

IB is a place for critical and creative thinking and is like college. It allows for independent thinking. John (2005) CUNY PhD

IB enabled me to get acceptance at Yale and sent me to college ready. Angela (2008) Yale

IB places you in a close-knit community of students and teachers who are intellectually engaged...when I came to Stanford I saw how prepared I was. Kara (2012) Stanford

WE EXTEND THE INTERNATIONAL EXPERIENCE

We take international trips every year where students engage in creative activities and international service. We have been to Poland, the Czech Republic, England and Peru. We plan to resume these trips as soon as it is safe to do so. Our teachers have significant international travel experience and students find these trips to be exciting and formative. In Peru we stayed in a Quechua village, hiked Machu Picchu and ferried down the Amazon to stay in the jungle.
