Attention 2021-22 AP US Government Students

Congratulations on challenging yourself this year by signing up to take AP U.S. Government and Politics! I am excited to begin the year ahead with each of you. Please remember that this is a college level course in high school. The expectations are college level. You MUST read the book to be successful in this class, and it is HIGHLY recommended that you are up to date throughout the year on national politics and government as it happens. While there is not “homework” each night, in order to be successful you must plan to spend a few hours each week in review. Attendance is also very important. If you have signed up for this class and think it will not be for you, you need to speak with your counselor to get a schedule change.

There is no Summer Assignment other than reading the first three chapters of the textbook.
