A Note from Our Principals

Dear Acres Green Families,

The first day of school is quickly approaching and we’re excited to get the new school year started! We hope you’ve taken time for vacation, family, and friends. Welcome back for the 2018/19 school year!

We have some of our staff moving on to pursue other job opportunities or because of life changes. We are sad to see the following staff leave us – Mrs. Stone, our health assistant, Mrs. Azgur, Discovery teacher, Mrs. Griffith, librarian assistant, Ms. Parrish, psychologist, Mrs. Schneider, SSN Educational Assistant, Allie Schwall, 1st grade teacher and Austin Hachmeister, B.A.S.E. Manager. We thank them for their time and service at Acres Green!

Mrs. Tinker is returning to her former position of a Discovery teacher (3rd/4th grade) and Mrs. Braun will be our Librarian.

We’ve hired some great new staff members. Please welcome:

- Stephanie Smit, psychologist
- June Gornell, PM Kindergarten teacher

For those new to Acres Green Elementary, we are a Leader in Me school. We incorporate Stephen Covey’s 7 Habits of Highly Effective People into the curriculum. It teaches our students that they can all be leaders and encourages them to take ownership of their learning. We’ve included an insert outlining the 7 Habits in this mailer. We are proud to continue the honor of being recognized as a Leader in Me Lighthouse School for the last 4 years. This honor denotes our commitment to seeing every student as a leader and working to provide everyone opportunities to grow their skills and abilities!

7 Habits

Habit 1 — Be Proactive
You're in Charge
I am a responsible person. I take initiative. I choose my actions, attitudes, and moods. I do not blame others for my wrong actions. I do the right thing without being asked, even when no one is looking.

Habit 2 — Begin With the End in Mind
Have a Plan
I plan ahead and set goals. I do things that have meaning and make a difference. I am an important part of my classroom and contribute to my school’s

Habit 3 — Put First Things First
Work First, Then Play
I spend my time on things that are most important. This means I say no to things I know I should not do. I set priorities, make a schedule, and follow my plan. I am disciplined and organized.

Habit 4 — Think Win-Win
Everyone Can Win

Habit 5 — Seek First to Understand, Then to Be Understood
Listen Before You Talk
I listen to other people’s ideas and feelings. I try to see things from their viewpoints. I listen to others without interrupting. I am confident in voicing my ideas. I look people in the eyes when talking.

Habit 6 — Synergize
Together Is Better
I value other people’s strengths and learn from them. I get along well with others, even people who are different from me. I work well in groups. I seek out other people’s ideas to solve problems because I know that by teaming with others, we can create better solutions than anyone of us can alone. I am humble.

Habit 7 — Sharpen the Saw
Balance Feels Best
I take care of my body by eating right, exercising, and getting sleep. I spend time with family and friends. I learn in lots of ways and lots of places, not just at school. I find meaningful ways to help others.

Fundraising Efforts—Targets for 2018-2019 School Year in Red

Fall Fundraiser: Sales of food, magazine subscriptions, and items for the home. Check out the catalogs at www.funservicescolorado.com, River City and Today’s Favorites. The school keeps between 40% and 50% of all sales, and 100% of all straight cash donations. Each $10 cash donation is the equivalent of one item, and counts towards prizes awarded for funds raised. ($20,000)

Online Auction: This is a small online auction of teacher adventures and a few other great items such as a family 4-pack of Disneyland passes. It’s free to participate, and the school keeps 100% of the proceeds. ($4,000)

Run4Funds: Students raise money by running during their normal specials class time. This is the PTO’s biggest spring fundraising event, and it is a really fun day for students, teachers, and parents. The PTO works with local company Run4Funds, and keeps 65% of all money raised. Every student participates and receives a t-shirt, with additional prizes awarded based on funds raised. Parents are encouraged to come and help man the water stations, mark of students’ laps as they complete them, and (of course) cheer for their kids! ($19,000)

Restaurant Nights: Earn money for our school by going out to dinner once a month! ($1,300)

Box Tops/Milk Caps for Moolah: Turn in Box Tops and milk caps from Longmont Dairy to earn money for the school. Go to www.boxtops4education.com to see a full list of participating products. Download the Box Tops App for additional fundraising opportunities. ($1,500)

King Soopers/Safeway Gift Cards: Use a reloadable gift card to pay for your groceries, and our school receives 5% of everything you spend! It’s easy, costs you nothing. It’s something everyone has to do anyway, and it really adds up. If every family at Acres Green used a gift card to buy their groceries each week, our school could raise over $100,000 a year!! $100,000 of free money!! Fill out a form and turn it in at the office to get your card. ($3,500)

Dear Acres Green Families,

I want to make you all aware of an important change to our building policy being put into effect. For the 2018-2019 school year, **students will no longer be permitted to carry mobile phones or smart watches with them during the school day.** Between the hours of 8:35 a.m. and 3:30 p.m. student phones and smart watches are to be either stowed away in backpacks or collected by the classroom teacher. Both before school and after school, students are welcome to have and use their phones as they wish (in accordance with already established district and building policies, of course!)

Emergencies and important messages will continued to be handled as they are for students who do not have a cell phone. Please call the front office at 303-387-7125. Messages are written down and delivered to classrooms each day. Additionally, all of our classrooms have a phone. Students can use this phone with permission. Students are also allowed to use the front office phone to call parents or guardians regarding urgent needs.

Thank you in advance for your understanding as we implement this new policy. We have noticed over the last few years that cell phones distract from our learning environment. Because of the many apps, social media temptations, games, camera features and the ability to text friends/others, it is clear that we need to firm up our management of these devices and set some clear boundaries. We are aligning our policy to match what is in place at Cresthill Middle School and other elementary schools in the Highlands Ranch Feeder.

Please let me know if you have any questions.

Thank you!

Art: Mrs. Koch

We are here to imagine, freely create and learn about art. We are here to communicate ideas about art in a collaborative and respectful environment. In this class, we will learn about the elements of art, explore a variety of art mediums and styles. As a class, we will critically think and reflect upon our learning. We will grow from our mistakes. We will embrace one another’s perspectives as we grow into creative individuals. - AGES Art Mission Statement

Welcome back Acres Green Elementary students! My name is Mrs. Koch (although many of you have known me in the past as Ms. Stewart) and have been at Acres Green for four years teaching art. Prior to teaching at AGES, I taught elementary art for two years in Kansas. I’m a Western Michigan University graduate with a BFA degree in Art Education. I am excited to share another amazing year with you and help you reach your full artistic potential!

Students will be learning about art history, various elements and principles of art, art techniques and art applications in everyday life. **Primary level classes (K-3rd Grade)** will show students how to practice and experiment with essential fine motor skills such as cutting, coloring, writing, folding, etc. **Upper level classes** will help students fine tune their skills in art and practice creative problem solving. We will work on sculpture, printmaking, weaving, sewing, painting, drawing, glass fusion (4th-6th Grade) and mixed media projects.

Parents, be sure to check in with the art classroom website to stay updated on upcoming art shows/contests! Please feel free to contact me with questions/comments at knstewart@dcsdk12.org.

Music: Mrs. Teelucksingh

My name is Jenny Teelucksingh and I am excited to start my third year teaching at Acres Green! I have taught K-12 music for eight years. I earned a Bachelor of Arts degree in music education from Olivet Nazarene University and a Master of Music degree in voice performance from Roosevelt University. This summer, I will complete Orff-Schulwerk Level III training at Metropolitan State University of Denver. I am passionate about music and performance and enjoy working with the Performing Arts Club as well!

In music, students will engage in active, collaborative and creative music making, building musicianship skills through singing, playing instruments, speech, drama and movement. We will sing, say, dance and play to explore a variety of musical concepts. Students will participate in cooperative partner and group activities and will also have opportunities to demonstrate their learning through performance.

Please feel free to email me at jateelucksingh@dcsdk12.org if you have any questions.

I look forward to making music together and having fun!
Welcome back to the 2018-2019 school year at Acres Green Elementary. I’m excited to be a part of this school year with you. My name is Joe Mulready and this will be my third year at Acres Green Elementary and my Seventh year of teaching elementary Physical Education. I hold a Bachelor of Science degree in Exercise Science from Colorado State University – Pueblo and hold a Masters Degree in Coaching and Athletic Administration from Concordia University – Irvine.

Students will experience different types of physical activities and health/wellness during the course of the school year. Students will develop several motor skills such as locomotor (skipping, galloping, running, etc), non-locomotor (Twisting, bending, etc) balance, agility, core strength, and physical fitness development. All of these skills are important to our overall development as a person and our physical well-being. We will explore and develop several different types of manipulative skills throughout the year. Class covers a variety of physical education based standards such as movement competence, physical/personal wellness, emotional/social wellness, and prevention/risk management.

This year we are going to work hard on implementing social emotional wellness into PE. Students will be able to build relationships, work on their social awareness skills, self management, responsible decision making, and self awareness skills. These skills are important in life but also very important in a PE environment.

I’m looking forward to meeting all of you this school year.

If you have any questions for me, please email me at jmulready@dcsdk12.org.
